EXPERIENCE

Website Consulting Specialist

Nina Co., Ltd.

June 2025 – September 2025 Ho Chi Minh City, Vietnam

- Consult clients on website design solutions tailored to their business needs.
- Analyze customer requirements and recommend suitable service packages.
- Collaborate with the technical team to ensure smooth project implementation and on-time delivery.
- Provide after-sales support and maintain long-term client relationships.

PROJECTS

Portfolio Website

Personal Project

- Designed and developed a personal portfolio website to showcase profile, skills, and featured projects. Built with a responsive layout, optimized performance, and smooth experience across desktop and mobile.
- Tech stack: Next.js, Tailwind CSS, TypeScript; deployed on Vercel.
- Source code: github.com/LongMyNgoc/Portfolio
- Website: nguyenphilongportfolio.vercel.app

Multiple Choice Exam System

Personal Project

- Built a system to manage multiple-choice question banks, conduct online exams, and monitor test results.
- Tech stack: NestJS (Node.js), MongoDB Atlas, Firebase, NextJS, Vercel, Render, Bootstrap, TypeScript, JavaScript, RestAPI.
- Source code: github.com/LongMyNgoc/Multiple-Choice-Exam-System
- Website: multiple-choice-eta.vercel.app

Manga Recommendation System

Personal Project

- Built a web application that recommends similar manga titles when a user clicks on a manga, using content-based filtering and genre-based similarity.
- Tech stack: NextJS, FastAPI, Tailwind CSS, Vercel, Render, TypeScript, Python.
- Source code: github.com/LongMyNgoc/Manga-Recommendation-System
- Website: manga-recommendation-system.vercel.app

CAREER OBJECTIVE

As an Information Technology student passionate about web, mobile, and game development, I am eager to continually learn and embrace new technologies, seeking opportunities to work in a dynamic and stable environment where I can enhance my skills and contribute to software development projects.
